Transmitted to Governor

Overview

Creates the Military and Transitional Housing Fund (MTHF) within the Arizona Department of Housing (ADOH) for developing newly constructed transitional housing for military members.

History

ADOH primarily receives its funding from federal sources and is tasked with using those monies to address affordable housing issues confronting Arizona; it directly administers funds through a variety of programs. ADOH does not own or build housing. It manages and provides funding for programs run by various for-profit, non-profit and governmental entities that apply for funding. ADOH received no monies from the General Fund in FY2021 and is not requesting any General Fund monies for FY2022 ([A.R.S. Title 41, Chapter 37, Article 2](#); [JLBC Program Summary, Housing Assistance](#); [ADOH Five-Year Plan](#)).
